Policy statement and principles

Falcons Primary fully recognises the contribution it can make to protect children and support pupils in school. The aim of the policy is to safeguard and promote our pupils' welfare, safety and health by fostering an honest, open, caring and supportive environment. We encourage children to talk about their worries and to report their concerns to us in a number of alternative ways. The pupils' welfare is of paramount importance, and we are committed to keeping children safe. Policies such as our Staff Code of Conduct Policy, Safer Recruitment Policy, Complaints Policy, Behaviour Policy, Online Safety Policy, and procedures are in place to support safeguarding and any actions linked to safeguarding will be taken in a timely manner to safeguard and promote children's welfare.

This Child Protection Policy will be reviewed by the Senior Designated Safeguarding Lead Jasbir Mann on a regular basis to ensure it remains current and incorporates all revisions made to local or national safeguarding guidance. This policy will as a minimum be fully reviewed once a year during the autumn term. The policy Template will be approved by the Trust Board. School specific policies created using the approved template will be approved by the Local Governing Body for approval at the first autumn term meeting.

Legislation and statutory guidance

- This policy is based on the Department for Education's statutory guidance Keeping Children Safe in Education (2026) and Working Together to Safeguard Children (2026), and the www.gov.uk/guidance/-governance-inacademy-trusts We comply with this guidance and the arrangements agreed and published by our 3 local safeguarding partners.

This policy is also based on the following legislation:

- Part 3 of the schedule to the Education (Independent School Standards) Regulations 2014, which places a duty on academies and independent schools to safeguard and promote the welfare of students at the school
- The Children Act 1989 (and 2004 amendment), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the Serious Crime Act 2015, which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18
- Statutory guidance on FGM, which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- The Rehabilitation of Offenders Act 1974, which outlines when people with criminal convictions can work with children
- Schedule 4 of the Safeguarding Vulnerable Groups Act 2006, which defines what 'regulated activity is in relation to children
- Statutory guidance on the Prevent duty, which explains schools' duties under the Counterterrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism
- The Human Rights Act 1998, which explains that being subjected to harassment, violence and/or abuse, including that of a sexual nature, may breach any or all the rights which apply to individuals under the European Convention on Human Rights (ECHR)
- The Equality Act 2010, which makes it unlawful to discriminate against people regarding protected characteristics (including disability, sex, sexual orientation, gender reassignment and race). This means our Trustees and headteacher should carefully consider how they are supporting their students with regard to these characteristics. The Act allows our School/Academy to take positive action to deal with particular disadvantages affecting students (where we can show it's proportionate). This includes making reasonable adjustments for disabled students. For example, it could include taking positive action to support girls where there's evidence that they're being disproportionately subjected to sexual violence or harassment
- The Public Sector Equality Duty (PSED), which explains that we must have due regard to eliminating unlawful discrimination, harassment and victimisation. The PSED helps us to focus on key issues of concern and how to improve student outcomes. Some students may be more at risk of harm from issues such as sexual violence; homophobic, biphobic or transphobic bullying; or racial discrimination
- Working Together to Improve School Attendance, working together to improve school attendance 2024.

1. Purpose and Aims

1.1 Our policy applies to all staff, governors and volunteers working in the school and takes into account statutory guidance provided by the Department for Education and local guidance issued by the Leicestershire Safeguarding Children Partnership and Children's Safeguarding Unit, Leicester City Council.

1.2 We will ensure that all parents/carers are made aware of our responsibilities regarding child protection procedures and how we will safeguard and promote the welfare of their children through the publication of this school child protection policy. These duties and responsibilities, as set out within the Education Act 2002 sec175 and 157, DfE Statutory Guidance Keeping Children Safe in Education 2026 and HM Working Together to Safeguard Children 2026 are incorporated into this policy.

1.3 The school aims to ensure that:

- Appropriate action is taken in a timely manner to safeguard and promote children's welfare
- All staff are aware of their statutory responsibilities with respect to safeguarding
- Staff are properly trained in recognising and reporting safeguarding issues

2. Child Protection and Safeguarding Statement

2.1 We recognise our moral and statutory responsibility to safeguard and promote the welfare of all pupils. We will endeavour to provide a safe and welcoming environment where children are respected and valued. We will be alert to the signs of abuse, neglect and exploitation and follow our procedures to ensure that children receive effective support, protection, and justice.

2.2 The procedures contained in this policy apply to all staff, supply staff, volunteers, Trustees and Governors and are consistent with those Leicester and the Leicestershire and Rutland Safeguarding Children Partnerships.

3. Maintaining a child centred and coordinated approach to safeguarding:

3.1 Everyone who works at school understands they are an important part of the wider safeguarding system for children and accepts safeguarding and promoting the welfare of children is everyone's responsibility and everyone who comes into contact with children and their families has a role to play. To fulfil this responsibility effectively, all our staff, including supply staff and volunteers will ensure their approach is child-centred and will be supported to consider, always, what is in the best interests of the child.

3.2 We recognise no single practitioner can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, everyone who comes into contact with them has a role to play in identifying concerns, sharing information, and taking prompt action.

3.3 **Safeguarding children is defined as:** The actions we take to promote the welfare of children and protect them from harm are everyone's responsibility. Everyone who comes into contact with children and families has a role to play.

4. Safeguarding and promoting the welfare of children

4.1 Defined as:

- Providing help and support to meet the needs of children as soon as problems emerge.
- Protecting children from maltreatment, whether that is within or outside the home, including online.
    - Preventing the impairment of children's mental and physical health or development.
    - Ensuring that children grow up in circumstances consistent with the provision of safe and effective care.
    - Taking action to enable all children to have the best outcomes.
- **NB Definition:** Children includes everyone under the age of 18.

5. Whole school approach to safeguarding:

5.1 We understand the importance every member of our staff has through their contact with children in and outside of our school environment and the particular importance of the roles and relationships they have which places them in a position to identify concerns early, provide help for children and promote children's welfare and prevent concerns from escalating.

5.2 As a school we have a responsibility to provide a safe environment in which children can learn.

5.3 We will make every effort to identify children who may benefit from early help and put in place support as soon as a problem emerges at any point in a child's life.

5.4 **Any staff member** who has **any** concerns about a child's welfare should follow the processes set out in this child protection policy and raise concerns with the designated safeguarding lead or deputy without delay.

5.5 All our staff should expect to support social workers and other agencies following any referral, especially if they were involved in being alert to or receiving a disclosure of risk, harm or abuse or harassment from a child.

5.6 Our senior designated safeguarding lead will provide support to staff to carry out their safeguarding duties and who will liaise closely with other services such as children's social care, police, family help, and health were required, as the designated safeguarding lead (and any deputies) are most likely to have a complete safeguarding picture and be the most appropriate person to advise on the response to safeguarding concerns.

6. Safeguarding is not just about protecting children from deliberate harm. It also relates to the broader aspects of care and education including:

- Pupils' health and safety and emotional well-being, and their mental and physical health or development.
- Meeting the needs of children with special educational needs and/or disabilities.
- Meeting the legal duties on the school under the Equality act: will not unlawfully, discriminate against pupils or students based protected characteristics; we will carefully consider how we support pupils/students regarding particular protected characteristics; we will take positive action to deal with particular disadvantages affecting pupils or students

- Where a child receives elective home education and has an EHCP, the LA should review the plan working with parents and carers.
- The use of reasonable force.
- Meeting the needs of children with medical conditions.
- Providing first aid.
- Educational visits and off- site education.
- Alternative Provision placements
- Intimate care and emotional wellbeing.
- On-line safety and associated issues including filtering and monitoring in accordance with DfE monitoring standards.
- Appropriate arrangements to ensure school security, considering the local context.
- Keeping children safe from risks, harm, exploitation and sexual violence and sexual harassment between children: KCSiE 2026
- Ensuring there is an appropriate safeguarding curriculum.

7. Safeguarding can involve a range of potential issues

7.1 Such as:

- Neglect, physical abuse, sexual abuse, emotional abuse and exploitation.
- Contextualised also known as extra-familial abuse.

- Domestic Abuse including teenage relationship abuse.
- Domestic Abuse including where they see, hear or experience its effects.

7.2 All our staff and volunteers are aware of the indicators of abuse, neglect and exploitation and Modern slavery, know what to look for is vital for the early identification so that support can be put in place. Our staff and volunteers are also aware of the specific safeguarding issues that indicate or inform of concerns or incidents linked to child criminal exploitation and child sexual exploitation and know to report concerns directly to the designated safeguarding or a member of the senior leadership team should the designated safeguarding lead not be available for children who may be in need of help or protection. Such as: Ensuring that children, where relevant, must be collected from school by a suitable person authorised by the parent/carer. If the school believes that the person collecting the child is not suitable, this must be challenged.

7.3 Our staff recognise that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, exploited or a victim of modern slavery they may not recognise their experiences as harmful. Children may also feel embarrassed, humiliated, or could be being threatened not to tell, so not feel able to share what is happening to them. Alternatively, we recognise children may not want to

make a disclosure or talk about what is happening due to their vulnerability, disability and/or sexual orientation or language barriers. This should not prevent staff from having a professional curiosity and speaking to the DSL if they have concerns about a child and agree a way forward to support the child and determine how best to build trusted relationships with children and young people which facilitate good opportunities for communication.

7.4 All staff should always speak to the designated safeguarding lead, or deputy at the earliest opportunity.

7.5 As a school we are aware that abuse, neglect, and safeguarding issues are rarely standalone events and cannot be covered by one definition or one label alone. In most cases, multiple issues will overlap with one another, therefore all staff should always be vigilant and always raise any concerns with the designated safeguarding lead (or deputy).

7.6 All staff should be aware that safeguarding incidents and/or behaviours can be associated with factors outside the school and/or can occur between children outside of our school environment.

7.7 All our staff have received information and training regarding the risks that can take place outside the child's family. This is known as extra-familial harm which can take on a variety of different forms and children can be Vulnerable multiple harms including (but not limited to) sexual abuse (including harassment and exploitation), domestic abuse in their own intimate relationships (teenage relationship abuse - including physical, sexual, emotional abuse, and stalking), criminal exploitation (including financial exploitation), serious youth violence, county lines, financial exploitation and radicalisation.

7.8 Our staff are aware that technology offers many opportunities but is a significant component in many safeguarding and wellbeing issues. Children are at risk of abuse online as well as face to face. Children can also abuse their peers online, this can take the form of abusive, harassing, and misogynistic messages, the non-consensual sharing of indecent images, especially around chat groups, and the sharing of abusive images and pornography, to those who do not want to receive such content.

7.9 All our staff have 'an understanding of the expectations, applicable to their roles and responsibilities in relation to filtering and monitoring' of ICT systems and regular monitoring of school's equipment and networks.

8. Online Safety

8.1 Our school approach to online safety, including appropriate filtering and monitoring on school devices and school networks is reflected in the Online Safety Policy and the Trust IT Safeguarding and Content Filtering Strategy.

8.2 Our Trust safeguarding Lead has responsibility for this strategy. As part of this responsibility, they will consider the number of and age range of the children, those who are potentially at greater risk of harm, and how often they access the IT system along with the proportionality of costs versus safeguarding risks. This is overseen and regularly reviewed by the Trust Board to ensure that our approach meets the standard published by the Department for Education filtering and monitoring standards.

8.3 Our Trust will ensure they maintain oversight of the Online Safety Policy and the arrangements put in place to ensure appropriate filtering and monitoring on school

devices. Our approach to online safety is set out in the Online Safety Policy and the IT Safeguarding and Content Filtering Strategy.

8.4 Our Senior DSL and the DSL team will always act in the 'best interest of the child' and remain mindful of the importance with parents and carers about safeguarding concerns held for children and in particular children's access to online sites when away from school.

8.5 We will support understanding of harmful online challenges and hoaxes and share information with parents and carers and where they can get help and support.

8.6 *All forms of abuse or harassment will be reported in accordance with national safeguarding guidance, and we will take a 'zero tolerance' approach to harassment and abuse as informed in KCSiE 2026.*

8.7 As a school should an incident or disclosure be made by a child, our staff will always reassure the child (victim) that they are being taken seriously and that they will be supported and kept safe, but we recognise that not every victim will view themselves as such. We will also be mindful of the use of other terminology such as '**alleged perpetrator(s)**' or '**perpetrator(s)**' as in some cases, instead referring to the 'child who has been harmed' and the 'child who has caused harm' the abusive behaviour will have been harmful to the perpetrator as well.

8.8 We will do our best to ensure children understand the law on child-on-child abuse is there to protect them rather than criminalise them. In doing this we will discuss with relevant statutory safeguarding agencies to ensure all concerns or incidents are addressed fully and where required different types of assessment and services are put in place where required.

9. Identifying Concerns

9.1 All members of staff, volunteers and governors will be aware of indicators of abuse, neglect and exploitation know, will know how to identify pupils who may be being harmed and then how to respond to a pupil who discloses abuse, or where others raise concerns about them. Our staff will be familiar with procedures to be followed and will receive safeguarding and child protection (including online safety) updates.

9.2 Staff understand that abuse, neglect, and safeguarding issues are rarely standalone events that can be covered by one definition, and that in most cases multiple issues will overlap with each other. Staff who regularly come into contact with children are aware of the DfE guidance What to do if you're worried a child is being abused

9.3 The five main categories of child abuse are as follows:

1. Physical Abuse
2. Emotional Abuse
3. Sexual Abuse
4. Neglect
5. Exploitation

10. Indicators of abuse, neglect and exploitation:

10.1 **Abuse:** a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others. This can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse, including where they see, hear or experience its effects.

10.2 **Physical abuse:** a form of abuse which may involve hitting, shaking, throwing, poisoning, burning, or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

10.3 **Emotional abuse:** the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a chid they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectation being imposed on children. These may include interactions that are beyond a child's developmental capability as well as over protection and limitation of exploration and learning or preventing the child from participating in normal social interaction. It may include verbal abuse, such as persistent criticism, belittling, or name-calling, as well as not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

10.4 **Sexual abuse**: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbations, kissing, rubbing, and touching outside of clothing. They may also include non-contact activities, such as involving children to look at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue (also known as child-on-child abuse) in education and all staff should be aware of it and of their school or colleges policy and procedures for dealing with it.

10.5 **Neglect:** the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, because of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to; provide adequate food, clothing, and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (the use of inadequate caregivers); or ensure access to appropriate medical

care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

10.6 **Child Criminal Exploitation:** occurs where an individual or an organised network or gang, and the victim may identify as being part of this group, takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child or young person under the age of 18. The victim may have been criminally exploited even if the activity appears consensual.
Child Criminal Exploitation does not always involve physical contact; it can also occur through the use of technology. Criminal exploitation often happens alongside sexual or other forms of exploitation.
Child Criminal Exploitation is broader than just county lines and includes for instance children forced to work on cannabis farms, to commit theft, shoplift or pickpocket, or to threaten other young people.

10.7 **Child Sexual Exploitation (CSE):** is a type of sexual abuse. It happens when a child or young person is coerced, manipulated or deceived into sexual activity in exchange for things that may need or want like gifts, drugs, money, status and affection.

11. Safeguarding issues:

11.1 All staff should have an awareness of safeguarding issues that can put children at risk of harm. Behaviours linked to issues such as drug taking and or alcohol misuse, deliberately missing education unexplainable and/or persistent absences from education and consensual and non-consensual sharing of nudes and semi-nude images and/or videos can be signs that children are at risk.

11.2 The Trust and its schools recognise that online abuse, exploitation, grooming, radicalisation, cyberbullying and exposure to harmful content can take place both within and outside of the school environment. These risks may be heightened during periods of remote learning or when children are accessing online platforms away from school and with reduced parental supervision. As such, schools provide pupils with age-appropriate online safety education and regularly reinforce safe online behaviours through the curriculum, assemblies, safeguarding messages and pastoral support.
All staff receive safeguarding training that includes online safety, ensuring they understand current risks, reporting procedures, and the expectations surrounding filtering and monitoring systems.
The school benefits from a Trust wide content filter that monitors and protects pupil devices both in and out of school. The content filter provides an out-of-hours service that escalates concerns to senior leaders and the police as appropriate.
This supports a whole-school approach to safeguarding and helps ensure children can access and benefit from online learning and digital media in a safe and secure manner.

11.3 Our *school/college* ethos demonstrates that the effective safeguarding of children can only be achieved by putting children at the centre of a system where we listen and hear what they say. Every individual within Falcons Primary School will play their part, including working with professionals from other agencies, particularly social workers, to meet the needs of our most vulnerable children and keep them safe. We will take opportunities to teach children about important safeguarding issues in a way that is age appropriate.

11.4 At Falcons Primary school, the welfare of the child is paramount and children are placed at the centre of all safeguarding arrangements. We are committed to creating a culture where every child feels safe, respected and confident sharing any concerns. Staff build trusted relationships with pupils and are trained to listen carefully, take children seriously, and respond promptly to their needs. We ensure a child's voice remains central to safeguarding practice and that all actions are taken in their best interests.

11.5 Our aim is to provide a safe environment and vigilant culture where children and young people can learn and be safeguarded. If there are safeguarding concerns, we will respond with appropriate action in a timely manner for those children who may need help or who may be suffering, or likely to suffer, significant harm.

11.6 Where staff members have concerns about a child (as opposed to a child being in immediate danger) they will decide what action to take in conjunction with the Snr Designated Safeguarding Lead. Although we advocate that any staff member can make a referral to children's social care or First Response, especially where a child is identified as being in immediate danger, they should however ensure that the Designated Safeguarding Lead (DSL), or a member of the senior leadership team is informed as soon as possible.

11.7 We also ensure that all our staff are clear that whilst they should discuss and agree with the DSL any actions to be taken, they are able to escalate their concerns and contact First Response, First Response Consultation Line or social care to seek support for the child if despite the discussion with the DSL their concerns remain. Staff are also informed of the school whistle blowing procedures and the contact details for the Local Authority LADO and NSPCC helpline.

12. Alternative providers and other agencies

12.1 Falcons Primary works closely with statutory safeguarding partners including Children's Social Care, Health Services, the Police, Early Help services, and the Local Authority to ensure that children and their families receive timely and appropriate support. Where concerns are identified, the school will make referrals, when necessary, contribute to assessments, share information appropriately, and participate in multi- agency meetings. We regularly facilitate professional meetings within school, including Team Around the Family (TAF), Child in Need (CIN), Child Protection (CP), and other planning meetings, enabling agencies and families to work together effectively. Through these strong partnerships, we help families access advice, intervention and specialist services, ensuring that children receive the support they need at the earliest opportunity and that their welfare remains at the centre of all decision-making.

12.2 Where a school places a pupil with an alternative provision provider, the school continues to be responsible for the safeguarding of that pupil and should be satisfied that the provider can meet the needs of the pupil.

12.3 Children who attend alternative education often have complex needs, it is important governing bodies/trusts and designated safeguarding leads ensure children are fully always supported, and the alternative setting is aware of any additional risks of harm that pupils may be vulnerable to. Information sharing for pupils who receive education provision outside of a mainstream setting is vital to support the child and ensure the learning environment where they are placed has all necessary information for the child

before they access the provision. The working together principles are key to keep the child safe and understanding the vulnerabilities needing to be supported. This should include up to date contact details for the professionals working with the child and family.

12.4 Whilst the Local Authority may hold a register of approved alternative provision providers the school is however, schools remain ultimately responsible for the provision they commission schools should also obtain written confirmation from the alternative provision provider that appropriate safeguarding checks have been conducted on individuals working at the establishment, i.e., those checks that the school would otherwise perform in respect of its own staff.

12.5 Where a pupil attends Alternative Provision (AP), Falcons Primary School retains responsibility for safeguarding and monitoring their welfare, attendance and progress. We will obtain written information from the alternative provider ensuring that appropriate safeguarding checks have been carried out on individuals working at their establishment (i.e. those checks that we would otherwise perform on our own staff). This includes written confirmation that the alternative provider will inform us of any arrangements that may put the child at risk (i.e. staff changes), so we can ensure that appropriate safeguarding checks have been carried out on new staff. Our own members of staff who manage the use of alternative provision will ensure that they always know where a child is based during school hours. This includes having records of the address of the alternative provider and any subcontracted provision or satellite sites the child may attend. We will regularly review the alternative provision placements. Reviews will be frequent enough (at least half termly) to provide assurance that the child is regularly attending, and the placement continues to be safe and meets the child's needs. Where safeguarding concerns arise, the placement will be immediately reviewed, and terminated, if necessary, unless or until those concerns have been satisfactorily addressed.

12.6 The Senior Designated Safeguarding Lead (DSL), who is familiar with national and local guidance, will share concerns, where appropriate, with the relevant agencies.

12.7 The Senior Designated Safeguarding Lead (DSL) and Deputy DSL team ensure that all safeguarding concerns are recorded promptly and accurately through the school's agreed recording system. Concerns are reviewed regularly, risk assessed and shared on a need-to-know basis to protect children and promote their welfare. The DSL team meets frequently to discuss concerns, monitor vulnerable pupils, review actions taken, and ensure timely interventions. Information is shared in accordance with statutory safeguarding guidance, data protection legislation, and local safeguarding partnership procedures. Where concerns meet the threshold for intervention, referrals are made to appropriate agencies, including:

- Children's Social Care and First Response Services
- Early Help Services
- Police and Child Abuse Investigation Units
- Local Authority Designated Officer (LADO) for allegations against adults
- Health professionals, including School Nursing Services, GPs, CAMHS and Paediatric Services
- Education Welfare and Attendance Services

12.8 Schools should always know where a child is based during school hours. This includes having records of the address of the alternative provider and any subcontracted provision or satellite sites the child may attend.

12.9 Where the school premises are used by an external organisation, community group, sports club, service provider or any other individual to provide activities for children, any safeguarding concern or allegation arising from those activities will be treated in the same way as any other safeguarding allegation. The school retains its safeguarding responsibilities and will ensure concerns are reported and managed in accordance with the Child Protection and Safeguarding Policy and KCSIE 2026. Any allegation meeting the harm threshold will be referred to the Local Authority Designated Officer (LADO) without delay, and the school will work with the hiring organisation and relevant agencies to ensure appropriate safeguarding action is taken. External organisations hiring the premises are expected to have appropriate safeguarding arrangements in place and to cooperate fully with any safeguarding enquiries or investigations.

13. CPD, culture and ethos

13.1 All staff, volunteers and, where used, supply staff receive safeguarding information and training as part of their induction and before commencing work. This includes the school's safeguarding procedures, staff code of conduct, child protection policy, the identity of the DSL team and the processes for reporting concerns or disclosures. Staff complete Trust-wide safeguarding training and an accompanying assessment annually to confirm their understanding and responsibilities. Safeguarding knowledge is further reinforced safeguarding briefings, school weekly bulletin, regular updates and policy reviews. All visitors receive a safeguarding induction leaflet on arrival, outlining key procedures and reporting routes. The effectiveness of safeguarding training is monitored through assessment outcomes, discussions with staff, supervision and regular checks to ensure that all adults working in the school understand how to recognise, respond to and report safeguarding concerns promptly.

13.2 Falcons Primary School is committed to safer recruitment practices to help deter, identify and reject unsuitable applicants. All recruitment processes are conducted in accordance with statutory guidance and include appropriate pre-employment checks, verification of identity, qualifications, employment history, references and enhanced DBS checks, including barred list checks where required. Safeguarding responsibilities are embedded throughout the recruitment process, and at least one member of every recruitment panel has completed safer recruitment training. The school maintains ongoing vigilance once staff are appointed by fostering an open and transparent safeguarding culture, providing regular safeguarding training and updates, encouraging professional curiosity, and ensuring that any concerns about adults working with children are reported and managed promptly in line with safeguarding and allegations procedures.

KCSiE 2026 broadened the requirements placed on schools/colleges to keep children safe and ensure children are able to thrive and take the maximum benefit from their education or learning experiences.

14. Responsibilities of the DSL/DSL Team

14.1 The Senior DSL and deputies (DSL team) maintains a key role in raising awareness amongst staff about the needs of children who have or who have had a social worker and the barriers that those children might experience in respect of attendance, engagement and achievement at schools or college. This should include children under kinship care.

14.2 The Senior DSL along with the Designated Teacher can inform the Governing body and Headteacher the number of children in their cohort who have or who have had a social worker and appropriate information is shared with teachers and staff on individual children's circumstances.

14.3 The Designated Teacher and Senior Designated Safeguarding Lead maintain data for children who have looked after status and for children who have been involved in the care system.

14.4 The Designated Teacher maintains good links with the Virtual School Head to promote the educational achievement of previously looked after children. The role of virtual school heads was extended in June 2021, to include a non-statutory responsibility for the strategic oversight of the educational attendance, attainment, and progress of children with a social worker. The virtual school head should identify and engage with key professionals, helping them to understand the role they have in improving outcomes for children. This should include Designated Safeguarding Leads, social workers, headteachers, governors, Special Educational Needs Co-ordinators, mental health leads, other local authority officers.

14.5 The school ensures that the Senior Designated Safeguarding Lead (DSL), Deputy DSLs and the Designated Teacher for Looked After and Previously Looked After Children have the time, training, resources and support necessary to fulfil their statutory responsibilities effectively. The DSL team receives appropriate safeguarding training, regular updates, and opportunities to work with external agencies and safeguarding partners. Safeguarding responsibilities are distributed across a trained DSL team to ensure consistent cover and timely responses to concerns. The Designated Teacher works closely with the DSLs, families, virtual school colleagues, and other professionals to promote the educational achievement, welfare and safeguarding of children who are looked after or previously looked after. Safeguarding practice is regularly reviewed through supervision, leadership oversight, Trust-led safeguarding reviews and ongoing quality assurance processes to ensure that statutory duties are met and that children receive effective support and protection.

14.6 The school recognises that children with SEND can face additional safeguarding vulnerabilities and works closely with families and a range of specialist services to ensure that their needs are identified and supported effectively. Support is available through the SEND Code of Practice and local authority services, alongside specialist agencies working directly with the school. These include Educational Psychology Service, Speech and Language Team, Occupational Therapy, Specialist Teaching Services, Early Help and Health Professionals. The school works collaboratively with these services to provide advice, assessment, intervention and family support, ensuring that children with SEND

receive appropriate provision, their voices are heard and barriers to learning, wellbeing and safety are reduced.

15. The seven main elements of our Child Protection Policy

15.1 There are seven main elements to our policy in line with KCSIE 2026, paragraph 121:

- Providing a safe environment in which children can learn and develop.
- Ensuring we practice safe recruitment in checking the suitability of staff and volunteers to work with children.
- Developing and then implementing procedures for identifying and reporting cases, or suspected cases of abuse in and outside of school.
- Supporting pupils who have social care involvement in accordance with his/her child in need plan, child protection plan or are subject to Local Authority Care.
- Raising awareness of safeguarding children, child protection processes and equipping children with the skills needed to keep them safe in and outside of school.
- Working in partnership with agencies and safeguarding partners in the 'best interest of the child.'
- Ensuring we have appropriate policies and procedures to deal with child-on-child sexual violence and sexual harassment, including those that have happened outside of the school or college premises and/or online, forms of harassment and harmful sexual behaviour. Filtering and monitoring arrangements for online safety and harms are set out in our Online safety Policy and the IT Safeguarding and Content Filtering Strategy
- Reflect the school's approach to child-on-child abuse

16.2.13 Address any 'harm outside the home' also known as 'extra familial harm. schools are a place of protection and where children and young people can share concerns and seek support and are place of safety and where children and young people can form safe and trusted relationships. Through creating a whole school ethos and sharing excellent communication with safeguarding partners and services, children and young people can feel assured they will be listened to, heard, and offered support to enable them share sensitive information and strengthen their resilience.

16.2.14 Recognise the importance of our school ethos of working together with parents, carers, and external services to form strong and trusted partnerships which can advocate trauma informed and trauma aware responses and where trusted relationships can be formed and go on to create safe places and spaces within the community, so children and young people know how to access a place of safety outside of the school/college environment if needed.

16.3 We will take all reasonable measures to ensure any risk of harm to children's welfare is minimised inside and outside of the *school* environment.

16.4 Take all appropriate actions to address concerns about the welfare of a child, working to local policies and procedures in full working partnership with agencies.

16.5 Ensure robust child protection arrangements are in place and embedded in the daily life and practice of the school.

16.6 We will take all reasonable measures to ensure any risk of harm to children's welfare is minimised inside and outside of the school environment.

16.8 Ensure robust child protection arrangements are in place and embedded in the daily life and practice of the school.

16.9 Promote pupil health and safety.

16.10 Promote safe practice and challenge unsafe practice.

16.11 Ensure that procedures are in place to deal with allegations of abuse against teachers and other staff including trainee teachers, volunteers, supply staff and contractors. KCSiE Part Four has two sections, the second section addresses low-level concerns.

16.12 Provide first aid and meet the health needs of children with medical conditions.

16.18 Everyone having a duty to safeguard children inside/outside the school environment including school trips, extended school activities, vocational placements, and alternative education packages.

17. Additional measures

17.1 The school has arrangements in place for pupils accessing off-site education or alternative learning provision. Prior to placement, appropriate safeguarding and suitability checks are completed, including verification of safeguarding policies, staff vetting arrangements, and health and safety procedures. Ongoing monitoring is maintained through regular communication with providers, attendance tracking, progress reviews, and welfare checks to ensure pupils remain safe, well-supported, and are receiving an appropriate education. Any concerns are acted upon promptly in line with safeguarding procedures and KCSIE 2026 expectations.

17.2 The Senior DSL, DSL team, and staff support pupils' mental health through early identification, ongoing monitoring, and timely intervention. The school works closely with families and external agencies to ensure appropriate support, with pupil safety and wellbeing remaining central to all decision-making.

17.3 The school promotes a safe and inclusive environment where all pupils, including those who may be LGBT, can access support from a trusted adult. Homophobic, biphobic, and transphobic discrimination, bullying, harassment, or language are not tolerated. This commitment is reflected in our Anti-Bullying Policy

and Equality Policy and is expected to be upheld by all staff. Concerns are addressed promptly to ensure pupils feel safe, respected, and supported.

17.4 KCSiE 2026 Annex B page 160 Child abduction and community safety incidents – Child abduction is the unauthorised removal or retention of a minor from a parent or anyone with legal responsibility for the child. Child abduction can be committed by parents or other family members; by people known but not related to the victim (such as neighbours, friends, and acquaintances); and by strangers. Other community safety incidents in the vicinity of a school can raise concerns amongst children and parents, for example, people loitering nearby or unknown adults engaging children in conversation. Only known adults are permitted to collect children from school. Parents must provide written consent if they allow their child to walk home alone.

As children get older and are granted more independence (for example, as they start walking to school on their own), they are given practical advice on how to keep themselves safe through PSHE lessons, outdoor safety lessons and assemblies.

18. Procedures for identifying and reporting cases

18.1 We will follow the procedures set out by the Leicestershire and Rutland Safeguarding Children Partnership (LRSCP) and take account of guidance issued by the DfE in Keeping Children Safe in Education 2026 to:

18.1.1 Ensure we have a Senior Designated Safeguarding Lead (DSL), who is a member of the school/college leadership team, and a Deputy Safeguarding Lead for child protection/safeguarding who has received appropriate training and support for this role.

18.1.2 The Designated Safeguarding Lead role is written into their job description and clarifies the role and responsibilities including as defined in KCSiE 2026 Annex B.

18.1.3 The Leadership team will ensure that there are appropriate cover arrangements for periods when the designated safeguarding lead is unavailable due to illness, leave, or other circumstances. This will include confidential shared mailbox DSL@ to ensure that safeguarding concerns are received, monitored, and acted upon without delay.

18.1.4 Ensure we have a nominated governor responsible for safeguarding.

18.1.5 Ensure that we have a Designated Teacher for Looked After Children (LAC).

18.1.6 Ensure every member of staff (including temporary, supply staff, trainee teachers and volunteers) and the governing body knows the name of the Senior Designated Safeguarding Lead, their deputies responsible for child protection, and their role.

18.1.18 Ensure safe recruitment practices are always followed.

18.1.19 Apply confidentiality appropriately.

18.1.20 Apply escalation procedures if there are any concerns about the actions or inaction of social care staff or staff from other agencies.

19 Supporting children and working in partnership

19.1 We recognise that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. For example, children may feel embarrassed, humiliated, or being threatened. This could be due to their vulnerability, disability and/or sexual orientation or language barriers. We recognise that children who are abused or who witness violence may find it difficult to develop a positive sense of self-worth. They may feel helplessness, humiliation, and some sense of blame. The school may be the only stable, secure, and predictable element in the lives of children at risk. When at school their behaviour may be challenging and defiant or they may be withdrawn. This should not prevent staff from having a professional curiosity and speaking to the DSL if they have concerns about a child. It is also important that staff determine how best to build trusted relationships with children and young people which facilitate communication We also recognise that there are children who are more vulnerable than others, which include children with special educational needs and or disabilities.

19.2 All staff including volunteers are advised to maintain the attitude of **'it could happen here'** where safeguarding is a concern, and when concerned about the welfare of the child should always act in the **best** interests of the child.

19.3 Our school will endeavour to support the pupil through:

19.3.1 Developing the content of the curriculum responding to identified needs as and when they become visible.

19.3.2 Maintaining a school ethos which promotes a positive, supportive, and secure environment, and which gives pupils a sense of them being valued.

19.3.3 The school behaviour policy and anti-bullying policy which is kept up to date with national and local guidance and which is aimed at supporting vulnerable pupils in our *school.*

19.3.4 Our school will proactively ensure that all children know that some behaviours are unacceptable and will need to be addressed but as members of our s school they are valued and will be supported through the time required to deal with any abuse or harm that has occurred, or outcomes from incidents.

19.3.5 Where concerns are identified, Falcons Primary School takes a graduated and child-centred approach to assessing need and providing support. The safeguarding and pastoral teams work closely with pupils, families and external agencies to identify appropriate interventions and monitor impact. Support may include pastoral mentoring, wellbeing check-ins, Emotional Literacy Support (ELSA), nurture provision, targeted behaviour support, Early Help intervention, family support and referrals to specialist services where required. Pupils can access support through trusted adults, designated safeguarding staff and dedicated pastoral spaces within the school. The effectiveness of support is reviewed regularly with the child and family to ensure that needs are met, risks are reduced and positive outcomes are achieved

19.3.6 Liaison with other agencies that support the pupil such as Children's Social Care (in line with the Thresholds for access to services, updated in September 2021); Leicestershire Inclusion Service and Education Psychology Service, and the Children and Family Wellbeing Service, etc.

19.3.7 Ensuring that, where a pupil leaves and is subject to a child protection plan, child in need plan or where there have been wider safeguarding concerns, their information is transferred to the new school immediately or within **5 working days** and that the child's social worker is informed.

19.3.8 Ensuring that the vulnerability of children with special educational needs and or disabilities is recognised and fully supported by all staff at Falcons Primary school and this is overseen by the school SENDCo.

19.3.9 Where a child discloses a concern or informs of an incident that has involved them in an incident involving sexual violence and or sexual harassment the staff member will ensure the child (victim) is taken seriously, kept safe and never be made to feel like they are creating a problem for reporting abuse, sexual violence, or sexual harassment.

19.3.10 The designated safeguarding lead will be informed immediately, and actions taken in accordance with the school child-on -child/ sexual violence and sexual harassment between children in school and college policy.

20 Staff and Safer Recruitment

20.1 The leadership team and governing body of the school will ensure that all safer working practices and recruitment procedures are followed in accordance with the guidance set out in KCSiE 2026 Part Three.

20.2 School leaders, staff and members of the governing body will be appropriately trained in safer working practices and access safer recruitment training.

20.3 Statutory pre-employment checks and references from previous employers are an essential part of the recruitment process. We will ensure we adopt the appropriate necessary procedures to carry out the checks required and where any concerns arise, we will seek advice and act in accordance with national guidance.

20.4 The school has in place recruitment, selection, and vetting procedures in accordance with KCSiE 2026 Part Three and maintains a Single Central Record (SCR), which is reviewed regularly and updated in accordance with KCSiE 2026 Part Three paragraphs 345 to 349.

20.5 All volunteers working in regulated activity with have an enhanced DSB.

20.6 Staff will have access to advice on the boundaries of appropriate behaviour and will be aware of the School Employee Code of Conduct, which includes contact between staff and pupils outside the work context. Concerns regarding low-level concerns will be included in our Code of Conduct from 1 September 2026 in line with KCSiE Part Four Section two. *Staff can access a copy of this through Staff L Drive.*

If it relates to the headteacher, the Chair of Governors will be informed without delay. We will respond to all allegations robustly and appropriately in collaboration with the Local Authority Designated Officer (LADO), LADO Allegation Officers or HR Service.

20.9 Staff may find some of the issues relating to child protection and the broader areas of safeguarding upsetting and may need support which should be provided by the school and their Human Resources Team.

20.10 Advice and support will be made available by the Safeguarding and Compliance Lead (SCL), LADO and LCC HR where appropriate to the leadership team.

20.11 The school and Trust ensure that all new staff, supply staff, volunteers, contractors and regular visitors receive appropriate safeguarding information as part of their induction and before working with children. Induction includes the Child Protection Policy, Staff Code of Conduct, behaviour expectations, whistleblowing procedures, safeguarding reporting processes, and the identity of the Designated Safeguarding Lead (DSL) team. All staff complete Trust-wide safeguarding training and assessment before commencing work and receive regular updates thereafter. Visitors are provided with a safeguarding

induction leaflet and have safeguarding briefing on arrival, outlining key safeguarding information, expected conduct and procedures for reporting concerns. The school maintains clear systems to ensure that all adults on site understand their safeguarding responsibilities and know how to respond to and report any concerns about a child's welfare

Please Note: KCSiE 2026 Part Three: Alternative Provision – Where a school places a pupil with an alternative provision provider, the school continues to be responsible for the safeguarding of that pupil and should be satisfied that the provider meets the needs of the pupil.

20.12 The school obtains written confirmation from the alternative provision provider that appropriate safeguarding checks have been conducted on individuals working at the establishment, i.e., those checks that the school would otherwise perform in respect of its own staff.

20.13 A letter of assurance is obtained from the alternative provider.

20.14 When placing a student in a work experience placement the school will ensure the person providing the teaching/training/instruction or supervision of the student frequently or in more than three days in a 30-day period, or overnight this is a regulated activity and therefore need the necessary checks.

20.15 If a student aged 16 plus on a work experience placement which takes place in a place such as a school or nursery which provides opportunity to for the student to be in contact with children which is regulated activity the school will consider if a DBS enhanced check is required.

21. Links to other Local Authority policies

21.1 The Governing Body's statutory responsibility for safeguarding the welfare of children goes beyond simply child protection. The duty is to ensure that safeguarding permeates all activity and functions. This policy therefore complements and supports a range of other policies, for instance:

- Behaviour and Rewards Policy
- Staff Code of Conduct Policy
- Anti-Bullying Policy
- Policy on the Use of Restrictive Interventions
- SEND Policy
- First Aid Policy and Medical Needs Policy
- Health & Safety Policy (includes EVC, site security sections)
- Relationship Sex and Health Education (RSHE) Policy (KS1-5)
- CCTV Policy
- Equality Statement
- Online Safety Policy

The above list is not exhaustive but when undertaking development or planning of any kind the school will consider the implications for safeguarding and promoting the welfare of children.

22. Raising Awareness - Roles and Responsibilities

22.1 All staff and volunteers: Safeguarding and promoting the welfare of children is everyone's responsibility. Everyone in our school who comes into contact with children and their families have a role to play in safeguarding children. All staff in our school consider, always, what is in the best interests of children.

22.2 Safeguarding is everyone's responsibility at Falcons Primary School. All staff, regardless of their role, have a duty to promote the welfare of children, maintain a culture of vigilance, and take immediate action if they have concerns about a child's safety or wellbeing. Staff build positive relationships with pupils, model safe and respectful behaviour, identify potential signs of abuse, neglect or vulnerability, and report concerns promptly in line with school procedures. Teachers, support staff, pastoral staff, leaders, volunteers and governors each contribute to creating a safe, inclusive and supportive environment where children feel listened to, valued and protected. Through regular training, professional curiosity and effective communication with the Designated Safeguarding Lead (DSL) team, all adults play an active role in helping to safeguard children and promote positive outcomes.

22.3 All staff within our *school* are particularly important as they are able to identify concerns early and provide help to children to prevent concerns from escalating.

22.4 All staff contribute to providing a safe environment in which children can learn by maintaining a pupil focused attitude where all feel listened to, valued and protected.

22.5 All staff share responsibility for maintaining a safe environment for children both on and off the school site. For educational visits, residential experiences and other extended learning opportunities, staff follow the school's educational visits procedures, undertake appropriate risk assessments and ensure that safeguarding, health and safety, behaviour and medical needs are carefully considered. Staff maintain appropriate levels of supervision, promote safe conduct, remain vigilant to safeguarding concerns and ensure that pupils know who they can speak to if they feel worried or unsafe. Through careful planning, effective communication and adherence to safeguarding procedures, staff help ensure that all off-site activities are safe, inclusive and support pupils' wellbeing and development.

22.6 All our staff are aware of the early help process and understand their role in this. This includes being able to identify emerging problems to recognise children who may benefit from early help. Staff know in the first instance to discuss their concerns with the Designated Safeguarding Lead and understand they may be required to support other agencies and professionals in assessments for early help.

22.7 *P*arents/carers are invited into the school to seek support or advice. The main office communicates with parents via email/phone call to arrange meetings with the Headteacher/ Deputy Headteacher/SENDCo.

22.8 It is important that children and social workers meet during the school day where required and that DSLs work with social care and safeguarding partners to ensure children subject to child protection, child in need and LAC plans are kept safe, and the child's needs are met.

22.9 Children, parents, and carers are signposted for support in school through the school website, posters, newsletters and during meetings, assemblies and PSHE lessons.

23. Safeguarding Training

23.1 All our staff are aware of systems within Falcons Primary School and these are explained to them as part of staff induction, which include our child protection policy; the employee code of conduct and the role of the Designated Safeguarding Lead and Keeping Children Safe in Education 2026.

23.2 Our *school* utilises an induction checklist when staff are inducted, which includes the above, but also other policy and procedural information.

23.3 All our staff receive safeguarding and child protection training which is updated every three years. In addition, to this training all staff members receive child protection and safeguarding updates when required, but at least annually.

23.4 The Trust and local safeguarding partners provide training to keep staff up to date with any local or national changes to safeguarding guidance.

23.5 All our staff are aware of the process for making referrals to children's social care and for statutory assessments under the Children Act (1989) and understand the role they may have in these assessments.

23.6 Training is delivered to help staff to understand their role and the opportunities available, including any partnership work especially with social care and the local arrangements put in place by Leicester City Children Partnership (Designated Safeguarding Leaders Forum).

23.7 All our staff know what to do if a child is raising concerns or makes a disclosure of abuse and/or neglect. Staff will maintain a level of confidentiality whilst liaising with the Designated Safeguarding Lead and children's social care. Our staff will never promise a child that they will not tell anyone about a disclosure or allegation, recognising this may not be in the best interest of the child.

24. Staff responsibilities

24.1 All staff have a key role to play in identifying concerns and provide early help for children. To achieve this, they will:

24.1.1 Establish and maintain an environment where children feel secure, are encouraged to talk and are listened to.

24.1.2 Ensure children know that there are adults in the school who they can approach if they are worried or have concerns.

24.1.3 Plan opportunities within the curriculum for children to develop the skills they need to assess and manage risk appropriately and keep themselves safe.

24.1.4 Follow the procedures set out in the Trust policies with regard to online safety.

24.1.5 Attend training to be aware of and alert to the signs of abuse.

24.1.6 Maintain an attitude of "it could happen here" with regards to safeguarding.

24.1.7 Record their concerns if they are worried that a child is being abused and report these to the DSL as soon as practical that day. If the DSL is not contactable immediately a Deputy DSL should be informed.

24.1.8 Be prepared to refer directly to social care, and the police if appropriate, if there is a risk of significant harm and the DSL or their Deputy is not available.

24.1.9 Follow the allegations procedures if the disclosure is an allegation against a member of staff, volunteer, trainee teacher or an individual not directly employed by the school; for example, supply teachers or sports coaches.

24.1.10 Follow the procedures set out by the LRSCP and take account of guidance issued by the DfE KCSiE 2026.

24.1.11 Support pupils in line with their child protection plan, child in need plan, LAC Care Plan.

Through a child-centred approach, we aim to keep vulnerable children safe, supported, and able to thrive.

They will assist the Senior Designated Safeguarding Lead in managing referrals, attending child protection conferences, reviews, core group meetings and other meetings of a safeguarding and protection nature to support the child/children.

27.3 All DSL's have completed the required training and are overseen by the Designated Safeguarding Lead, to ensure they fulfil their child protection responsibilities to meet the needs of the children/ young people on roll.

DSL/ staff team contributes to developing the curriculum and learning experiences for children and staff. This happens through staff meetings, bulletins, staff notice boards, briefings, and arranging additional classroom learning opportunities.

30.1.6 The Headteacher will ensure there are mechanisms in place to assist staff to fully understand and discharge their role and responsibilities as set out in KCSiE 2026.

30.1.7 Where there is an allegation made against a member of staff (either paid or unpaid, including volunteers) that meets the criteria for a referral to the LADO, then the headteacher or principal will discuss the allegation immediately with the LADO (within 24 hours) and ensure that cases are managed as per Part Four: Allegations made against/Concerns raised in relation to teachers, including supply teachers, trainee teachers other staff, volunteers, and contractors in KCSiE 2026. If the allegation is against the Headteacher/Principal, then the Chair of the Governing Body will manage the allegation – see below.

31. Governing Body and Multi- Academy Trust

31.1 We recognise our Governing body has a strategic responsibility for our school's safeguarding arrangements and must ensure they comply with their duties under legislation and must have regarding to KCSiE 2026, ensuring policies, procedures and training in our school are effective and always comply with the law.

31.2 The Trust Board and local Governing body will be collectively responsible for ensuring that safeguarding arrangements are fully embedded within the school's ethos and reflected in the school's day to day safeguarding practices by:

31.2.1 Ensuring there is an individual member of the governing body to take responsibility for safeguarding in the school.

31.2.2 Ensuring that the school has effective policies and procedures in line with statutory guidance (Working Together to Safeguard Children 2026) as well as with local LRSCP guidance and monitors the school's compliance with them.

31.2.3 Ensuring that safeguarding policies and procedures are in place for appropriate action to be taken in a timely manner to promote a child's welfare.

31.2.4 Recognising the importance of information sharing between agencies through the statutory guidance provided within KCSiE 2026 page 38, 138 to 150 and annex B pages 183.

31.2.5 Ensuring cooperation with the local authority and other safeguarding partners.

31.2.7 Ensuring that the governing body understands it is collectively responsible for the school's safeguarding arrangements, even though a governor will be nominated as the 'Safeguarding Governor' and person who will champion all safeguarding requirements.'

31.2.8 Ensuring that all members of the governing body will undertake safeguarding training to ensure they have the knowledge and information needed to equip them with the knowledge to provide strategic challenge to test and assure themselves that the safeguarding policies and procedures in place are effective and support the delivery of robust 'safeguarding arrangements and act as the 'critical friend'. This training must focus on their strategic role and not on operational procedures.

31.2.9 Ensuring that the Chair of Governors and named Safeguarding Governor will access role specific training to enable them to comply and discharge their child protection/ safeguarding responsibilities including should any allegations be made against the Headteacher/ Principal.

31.2.10 Ensuring that there is a training strategy in place for all staff, including the headteacher, so that child protection training is undertaken and refreshed in line with KCSiE 2026 and LRSCP guidance.

31.2.11 Ensuring that staff undergo safeguarding child protection training at induction and that there are arrangements in place for staff to be regularly updated to ensure that safeguarding remains a priority.

31.2.12 Ensuring that temporary staff and volunteers who work with children are made aware of the school's arrangements for child protection and their responsibilities.

31.2.13 Ensuring there are procedures in place to manage allegations against staff and exercise disciplinary functions in respect of dealing with a complaint KCSiE 2026 Part Four.

31.2.14 Ensuring that arrangements/procedures are in place to manage and provide clarity on the process for sharing 'low level' concerns, which should be referred to within the school/college Staff Code of Conduct, (Allegations and concerns about a staff member that after initial consideration by the 'case manager' do not meet the criteria for a referral to LADO).

31.2.15 Ensuring a response if there is an allegation against the headteacher by liaising with the LADO or other appropriate officers within the local authority.

31.2.16 Ensuring appropriate responses to children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse, including child sexual exploitation and going missing in future.

31.2.17 Being aware of the issues involving the complexity of serious violence and sexual violence and sexual harassment between children and ensure the school has policy, procedures and staff are trained (including the DSL and Senior Leadership)

31.2.18 Being alert to the growing concerns involving knife crime and ensure the school works closely with the police and safeguarding partners to raise awareness of the impact of such crime and adopt proactive practice to address concerns locally and within the community.

31.2.19 Ensuring appropriate filters and monitoring systems are in place to protect children online and children are taught about keeping safe online through the curriculum.

31.2.20 Giving staff the opportunities to contribute and shape safeguarding arrangements and child protection policy.

31.2.21 Ensuring that when the school premises are used for non-school/college activities assurances are received that the body concerned has appropriate safeguarding and child protection policies and procedures in place. This will apply regardless of whether or not children who attend the provision are on the school or college roll.

31.2.22 Ensuring any safeguarding concerns involving outside organisations will be addressed through our safeguarding policies and procedures.

31.2.23 Preventing people who pose a risk of harm from working with children by adhering to statutory responsibilities to check staff who work with children, making decisions about additional checks and ensuring volunteers are supervised as required.

31.2.24 Ensuring at least one person on an interview panel has completed safer recruitment training.

31.2.25 Informing any new prospective employees' candidate that our school will carry out online checks (KCSiE 2026 Part Three Safer Recruitment).

31.2.26 Recognising that certain children are more vulnerable than others, such as looked after children and children with special educational needs and disabilities.

31.2.27 Being open to accepting that child abuse and incidents can happen within the school and be available to act decisively upon them.

32. Looked After Children – The Role of Designated Teacher and the Designated Safeguarding Lead

32.1 A teacher is appointed who has responsibility for promoting the educational achievement of children who are looked after. They have the appropriate training. The Designated Teacher will work with the Virtual School to ensure that the progress of the child is supported.

32.2 The Designated Safeguarding Lead will also have details of the child's social worker and the name of the Head of the Virtual School. The Designated Safeguarding Lead will work closely with the Designated Teacher, as we recognise that children may have been abused or neglected before becoming looked after. We will ensure their ongoing safety and wellbeing as well as supporting their education, through linking with their social worker, carers, and parents where appropriate.

32.3 We also recognise those children who were previously Looked-After potentially remain vulnerable and all staff will be informed of the importance of maintaining support for them through our school we will continue to recognise the importance of working with agencies and take prompt actions where necessary to safeguard these children, who may remain vulnerable.

32.4 The Head of the Virtual school includes responsibility for promoting the educational achievement of children in kinship care. Therefore, schools should recognise that these children may require additional support to be successful in school. Any LAC children's needs will be responded to in accordance with local LRSCP procedures and KCSiE 2026 paragraph 233- 244).

33. Children with Special Educational Needs

33.1 We recognise that children with special educational needs (SEN) and or disabilities can face additional safeguarding challenges on and offline. Children with SEN and or disabilities are especially vulnerable when identifying concerns due to their impaired capacity to resist or avoid abuse. They may have speech, language and communication needs which may make it difficult to tell others what is happening.

33.2 All staff are aware that additional barrier can exist when recognising abuse, neglect and exploitation for children with SEND and be more prone to peer group isolation or bullying (including prejudice-based bullying) than other children. They may not always show outward signs and may have communications barriers and difficulties in reporting challenges, especially involving exploitation or incidents involving child- on -child harm, abuse, or harassment and particularly where that harassment or harm is of a sexual nature. Our staff's vigilance will be a supporting factor to keeping all children safe.

33.3 Staff should consider extra pastoral support and attention for these children, along with ensuring any appropriate support for communication is in place. Further information can be found in the DfE:

• SEND Code of Practice 0 to 25 years, and Supporting Pupils at School with Medical Conditions.

33.4 Our policy reflects the fact that additional barriers can exist when recognising abuse, neglect, and exploitation in this group of children which include:

33.4.1 assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration.

33.4.2 these children being more prone to peer group isolation or bullying (including prejudice-based bullying) than other children, the potential for children with SEND or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs,

33.4.3 communication barriers and difficulties in managing or reporting these challenges risks that they do not understand that what is happening to them is abuse,

33.4.4 the need for intimate care or that these children are isolated from others,

33.4.5 that these children are more likely to be dependent on adults for care, and

33.4.6 these children may have issues over cognitive understanding – being unable to understand the difference between fact and fiction in online content and then repeating the content/behaviours in schools or colleges or the consequences of doing so.

33.5 addressing individual behaviour concerns and incidents considering the child's SEN and disabilities.

33.5.1 recognising and having in place additional support for example to teach, advise, mentor and support children with SEND from online harms, hoaxes, bullying, grooming and radicalisation and enable them to have confidence and the ability to stay safe online, either in schools or outside the school environment.

33.6 For the safeguarding of children with SEND in our school, relevant policies and risk assessments are in place and are available to all staff. These include a Medical Needs Policy, a SEND Policy, an Intimate Care and Administration of Medication Risk Assessment.

34. Acting where concerns are identified.

34.1 Our staff recognise the difference between concerns about a child and a child in immediate danger.

34.2 If staff have concerns about a child, they will need to decide what action to take. A discussion should take place with the Senior Designated Safeguarding Lead, to agree a course of action.

34.3 If a child is in immediate danger or risk of harm a referral will be made immediately to First Response and/or immediately to the police if at imminent risk of harm by the member of staff if required, with the Designated Safeguarding Lead being informed of the referral.

34.4 If a child chooses to tell a member of staff about alleged abuse, there are several actions that staff will undertake to support the child:

34.4.1 The key facts will be established in language that the child understands, and the child's words will be used in clarifying/expanding what has been said.

34.4.2 No promises will be made to the child, e.g., to keep secrets.

34.4.3 Staff will stay calm and be available to listen.

34.4.4 Staff will actively listen with the utmost care to what the child is saying.

34.4.5 Where questions are asked, this should be done without pressurising and only using open questions.

34.4.6 Leading questions should be avoided as much as possible.

34.4.7 Questioning should not be extensive or repetitive.

34.4.8 Staff will not/ should not put words in the child's mouth but will subsequently note the main points carefully.

34.4.9 A full written record will be kept by the staff duly signed and dated, including the time the conversation with the child took place, outline what was said, comment on the child's body language etc.

34.4.10 It is not appropriate for staff to make children write statements about abuse that may have happened to them or get them to sign the staff record.

34.4.11 Staff will reassure the child and let them know that they were right to inform them and inform the child that this information will now have to be passed on.

34.4.12 The Designated Safeguarding Lead will be immediately informed unless the disclosure has been made to them.

34.4.13 Information should be shared with children's social care without delay, either to the child's own social worker or to First Response. Children's Social Care will liaise with the police where required, which will ensure an appropriate police officer response rather than a uniformed response.

34.4.14 The Police would only therefore be contacted directly in an emergency or if a child is in immediate risk of harm, abuse, or danger.

Staff should never attempt to carry out an investigation of suspected child abuse by interviewing the child or any others involved, especially if a criminal act is thought to have occurred. The only people who should investigate child abuse and harm are Social Care, Police, or the NSPCC.

35. Confidentiality

35.1 We recognise that all matters relating to child protection are confidential; however, a member of staff must never guarantee confidentiality to children; children will not be given promises that any information about an allegation will not be shared.

35.2 Where there is a child protection concern it will be passed immediately to the Designated Safeguarding Lead and/or to children's social care. When a child is in immediate danger children's social care/the police will be contacted.

35.3 The Headteacher or Senior Designated Safeguarding Lead will disclose personal information about a pupil to other members of staff, including the level of involvement of other agencies, only on a 'need to know' basis.

35.4 All staff are aware that they have a professional responsibility to share information with other agencies in order to safeguard children. They are aware that the Data Protection Act 1998 should not be a barrier to sharing of information where failure to do so would result in a child being placed at risk of harm. Staff should refer to the DfE Data Protection guidance for schools (DfE, 2023 updated July 2026).

35.5 We acknowledge further guidance can be found by visiting Leicestershire and Rutland Safeguarding Children Partnership website: https://lrsb.org.uk/

36. Information Sharing

36.1 Effective sharing of information between practitioners and local organisations and agencies is essential for early identification of need, assessment, and service provision to keep children safe. Serious Case Reviews (SCRs) now known as Rapid Reviews (RRs) have highlighted that missed opportunities to record and thereby understand the significance of sharing information in a timely manner can have severe consequences for the safety and welfare and well-being of children (Working Together to Safeguard Children, 2026).

36.2 We will adopt the information sharing principles detailed in statutory safeguarding guidance contained within:

36.2.1 DfE KCSiE 2026 has several sections which provide clarity on information sharing processes and GDPR including within Annex B which makes clear the powers to hold and use information when promoting children's welfare.

36.2.2 Working Together to Safeguard Children 2026 paragraphs 19 to 37 and on pages 17 - 20.

36.2.3 Information Sharing: Advice for practitioners providing safeguarding services to children, young people, parents, and carers (which has been updated to reflect the General Data Protection Regulation (GPDR) and Data Protection Act 2018.

36.2.4 Leicestershire and Rutland Safeguarding Children Partnership (LRSCP) Policy and Practice Guidance.

36.2.5 All staff, Governors and Trustees undertake annual Data Protection training

37. Records and Monitoring *[KCSiE 2026 paragraphs 72 to 73, Part Four, Part Five, Annex B]*

37.1 There are arrangements in school to maintain and monitor good quality records to ensure they are managed to reflect the child's journey through the safeguarding system and engagement with statutory agencies, including Social Care, Early Help, Police, CAMHS, Health and other services. An electronic system (CPOMS) is used to record and monitor safeguarding notes.

37.2 Any concerns about a child will be recorded in writing within 24 hours. All records will provide a factual and evidence-based account and there will be accurate recording of any actions. Records will be signed, dated and, where appropriate, witnessed. Where an opinion or professional judgement is recorded this should be clearly stated as such. As well as keeping records of concerns, discussions and decisions, designated safeguarding leads should keep record of the rationale for any decisions made.

37.3 At no time should an individual teacher/member of staff or school be asked to or consider taking photographic evidence of any injuries or marks to a child's person; this type of behaviour could lead to the staff member being taken into managing allegations procedures. The body maps should be used in accordance with recording guidance and to support clarity for example of areas of injury, marks and bruising and or touching.

37.4 Any concerns should be reported and recorded without delay to the appropriate safeguarding services e.g., First Response or the child's social worker if already an open case to social care.

37.5 A chronology will be kept in the main school file prior to the commencement of a concern file. Staff, particularly pastoral staff, will record any minor concerns on the chronology and will take responsibility for alerting the Designated Safeguarding Lead should the number of concerns rise or, in their professional judgement, become significant. At the point at which a concern file (see below) is commenced then the chronology can be transferred to the concern file.

37.6 Our school will ensure all our files will be available for external scrutiny for example by a regulatory agency or because of a serious case review or audit.

38. Why recording is important

38.1 Our staff will be encouraged to understand why it is important that recording is comprehensive and accurate and what the messages from serious case reviews are in terms of recording and sharing information. It is often when a chronology of information is pieced together that the level of concern escalates or the whole or wider picture becomes known.

38.2 Our school uses CPOMs

38.3 We acknowledge without information being recorded it can be lost. This could be crucial information, the importance of which is not always necessarily apparent at the time. On occasions, this information could be crucial evidence to safeguard a child or be evidence in future criminal prosecutions.

39 The Child Protection (CP), Child in Need (CiN) or Confidential file

39.1 A 'child protection' or 'confidential' file should be commenced in the event of:

- A referral to First Response/Children's Social Care.
- A number of minor concerns on the child's main school file.
- Any child open to social care.

39.2 All 'child protection' or 'confidential' file should contain the following:

- A chronology.
- A record of concern in more detail and body map, where appropriate.
- A record of concerns and issues shared by others.

39.3 The school will keep electronic records of concerns about children even where there is no need to refer the matter to First Response/Children's Social Care (or similar) immediately, but these records will be kept within the separate concerns file.

39.4 Records will be kept up to date and reviewed regularly by the Snr Designated Safeguarding Lead, to evidence and support actions taken by staff in discharging their safeguarding arrangements. Original notes will be retained (but clearly identified as such) as this is a contemporaneous account; they may be important in any criminal proceedings arising from current or historical allegations of abuse or neglect.

39.5 The 'confidential' file can be active or non-active in terms of monitoring i.e., a child is no longer LAC, subject to a child protection plan or Early Help Assessment Form (EHAF) and this level of activity can be recorded on the front sheet as a start and end date. If future concerns arise, they can be re-activated and indicated as such on the front sheet and on the chronology as new information arises.

40 Transfer of child's child protection file, child in need, LAC, or confidential file (statutory requirement):

40.1 Our school file transfer guidance contained in KCSiE 2026 and ensure when a child moves school/education provision their child protection/confidential file is sent securely to their new educational setting when the child starts/ leaves the school/academy.

40.2 For those children subject of social care and safeguarding agency involvement will ensure the file is able to evidence the child's journey and include key information as described in KCSiE 2026 should a child subject to social care involvement transfer schools, college, or education provider we will ensure the child's child protection or confidential file move is transferred within 5 days as required by KCSiE.

40.3 Our Senior DSLs will liaise directly with the receiving school, college or alternative placement and hold a discussion to share important information to support the child's transfer to ensure the child remains safeguarded, has any 'reasonable adjustments' agreed, and put in place and to ensure the changes experienced by the child are as smooth as possible to enable a positive integration experience and engagement with new staff and learning.

40.4 When a student moves to or from the school, if f there are issues or concerns, a conversation between DSLs from both settings is recommended as good practice.

40.5 In accordance with KCSiE 2026 we will maintain information on cohorts of children who have been open to social care, have had a social worker or who are closed to social care, and may have returned to the family home. This information will be shared with the new school or provider in advance of the child leaving to allow for the new school to continue supporting the children who have had a social worker or been victims of abuse, including those who are currently receiving support through the 'Channel' programme.

40.6 When a child attends Alternative Provision the safeguarding file will remain with the child's school, the DSL must share relevant information to allow the Alternative Provision to safeguard the child. [KCSiE 2026 Annex B]

41 Recording Practice

41.1 Timely and accurate recording will take place when there are any issues regarding a child.

41.2 A recording of each and every incident or concern for the child will be made, including any telephone calls to other professionals. These will also be recorded on the chronology and kept within the child protection file for that child, as over time they are likely to help identify any patterns or emerging risks and needs. This will include any contact from other agencies who may wish to discuss concerns relating to a child. Actions will be agreed, and roles and responsibility of each agency will be clarified, and outcomes recorded.

41.3 Further detailed recordings will be added to the record of concern and will be signed and dated. Records will include an analysis of the event or concerns and will take account of the holistic needs of the child, and any historical information held on the child's file.

41.4 Support and advice will be sought from social care, or early help whenever necessary. In this way a picture can emerge, and this will assist in promoting an evidence-based assessment and determining any action(s) that needs to be taken.

41.5 This may include no further action, whether an Early Help Assessment should be undertaken, or whether a referral should be made to First Response/Children's Social Care in-line with the Threshold for access to services published September 2021, or any later edition made available by Leicestershire and Rutland Safeguarding Children Partnership.

41.6 Such robust practice across child protection and in safeguarding and promoting the welfare of children will assist the school and DSL team in the early identification of any concerns which may require addressing further and the prevention of future harm, risk, or abuse.

41.7 The Designated Safeguarding Lead will have a systematic means of monitoring children known or thought to be at risk of harm (through the concern file and through an ongoing dialogue with pastoral staff). They will ensure that we contribute to assessments of need and support multi-agency plans for those children.

42 Educating Young People – Opportunities to teach safeguarding

(KCSiE 2026 paragraphs 156 to 166)

42.1 As a school we will teach children in an age-appropriate way about the four Cs of online safety, content, contact, conduct and commerce as outlined in KCSiE 2026 to include youth produced imagery, on-line risks associated with social networking to prevent harm by providing them with the skills, attributes, and knowledge to help them navigate risks, including covering online safety, remote learning, filters and monitoring, information security, cyber-crime, fake news, disinformation and conspiracy theories, reviewing online safety platforms and use of mobile technology. We will ensure appropriate filters and monitoring systems in place and regularly review their effectiveness.

42.2 The education we provide for online safety will take into account the need for children to learn using online technologies to include generative artificial intelligence in a safe environment whether that be in school in the home or in a community environment. This

will also be taught as part of a wider RSHE programme, as well as through other subject areas and ICT.

42.3 We will ensure a whole school approach is in place to promote giving children the space to explore key issues in a sensitive way and the confidence to seek the support of adults should they encounter problems or online harms, hoaxes or harassment including involving incidents of sexual violence and sexual harassment between children.

42.4 Our school is a mobile free environment by default.

42.5 Our arrangements will be regularly reviewed to address this additional area of safeguarding as technologies change on a regular basis and having access to smart technology could mean some children, whilst at school/college, sexually harass, bully, and control others via their mobile and smart technology, share indecent images consensually and non-consensually (via large chat groups) and view and share pornography and other harmful content.

42.6 The school RSHE policy is available to view on the school website. Our policy will have due regard for the DfE's statutory Relationships Education, Relationships and Sex Education and Health Education Guidance and will conform to the statutory guidance applicable to schools from September 2026.

42.7 Information about keeping safe online is shared widely and children are regularly taught about online safety through a planned programme of education and communication. Pupils learn about online risks, including cyberbullying, online exploitation, inappropriate content, privacy, online relationships, misinformation, gaming, artificial intelligence, and the safe use of social media, through the Personal Development curriculum and through the Computing curriculum, assemblies, tutor time activities and through our Global Issues curriculum focusing on aspects such as misinformation and social media usage. Age-appropriate guidance is revisited regularly to ensure pupils understand how to keep themselves safe online both in and beyond school.

Parents and carers are supported through newsletters, the school's website, online safety guidance, information evenings and communications from safeguarding leaders. These provide practical advice on parental controls, screen use, social media platforms, online gaming, online fraud, and emerging digital risks.

Each school ensures that clear reporting mechanisms are understood by all pupils and families. Children are taught to report concerns to a trusted adult, tutor, class teacher, pastoral leader or the Designated Safeguarding Lead (DSL). Parents and carers are encouraged to contact the school safeguarding team if they have concerns about a child's online activity or wellbeing.

Information about external sources of support is also widely shared. This may include organisations such as CEOP, Childline, the NSPCC, Internet Matters, the UK Safer Internet Centre and local safeguarding services. Contact details and links are available through the school's website and safeguarding information pages.

The effectiveness of online safety education is monitored through trust wide safeguarding reviews inpupil voice, safeguarding records, curriculum review and engagement with parents to ensure that emerging risks are identified and addressed promptly.

42.8 Children unable to attend school due to a health need should receive suitable, flexible education tailored to their circumstances. The SENCo and/or pastoral team will arrange appropriate support, which may include an adapted timetable, home learning, curriculum adjustments, or home visits. Provision will be planned in partnership with parents and relevant agencies, with regular review meetings to monitor and adjust support as needed

43 Helplines and reporting

43.1 Children can talk to a Child Line counsellor 24 hours a day about anything that is worrying them by ringing 0800 11 11 or in an online chat at https://www.childline.org.uk/get-support/1-2-1-counsellor-chat/

43.2 Where staff members feel unable to raise an issue with their employer or feel they have a genuine concern that is not being addressed we acknowledge they may wish to consider whistleblowing channels. Likewise, if parents and carers are concerned about their child, they can contact the NSPCC Helpline by ringing 0800 028 028 0295, or by emailing help@nspcc.org.uk

43.3 Advice and information for parents including weblinks can be found on our school website.

44 Child on child sexual harassment and sexual violence

44.1 The school has a zero-tolerance approach to sexual harassment and sexual violence. Abuse will never be tolerated or seen as banter, just having a laugh or part of growing up.

44.2 All staff must have 'it could happen here approach'.

44.3 Forms of child-on-child abuse can be:

- bullying (including cyberbullying, prejudice-based and discriminatory
- abuse in intimate personal relationships between children (also known as
- teenage relationship abuse),
- physical abuse which can include hitting, kicking, shaking, biting, hair
- pulling, or otherwise causing physical harm,
- physical assault and harm, or the threat of harm with a weapon,
- harmful sexual behaviour, sexual violence and sexual harassment –
- which may include misogyny/misandry.
- consensual and non-consensual making or sharing of nudes and semi nudes, including those generated using AI.
- causing someone to engage in sexual activity without consent, such as

- forcing someone to strip, touch themselves sexually, or to engage in
- sexual activity with a third party,
- upskirting (which is a criminal offence44), which typically involves taking a
- picture under a person's clothing without their permission, with the
- intention of viewing their genitals or buttocks to obtain sexual
- gratification, or cause the victim humiliation, distress, or alarm, and
- initiation/hazing type violence and rituals.

44.4 Disclosures or concerns about HSB must be reported immediately to the DSL following the reporting procedures. The Hackett continuum will be used to measure the behaviour.

44.5 *Records will be recorded on add school's safeguarding system.*

44.6 All children involved in an incident will be seen as victims.

44.7 The school will, if necessary, seek advice from a safeguarding partner or refer to resources from the Centre of Expertise on Child Sexual Abuse.

44.8 In some cases, such as one of incidents or HSB or sexual harassment, it may be appropriate for the school or college to manage the situation internally.

44.9 In some cases, the school will have a statutory duty to refer the incident to the police and/or social care. Where a report of rape, assault by penetration or sexual assault is made, the starting point is that this should be passed on to the police. Whilst the age of criminal responsibility is ten, if the alleged perpetrator(s) is under ten, the starting principle of reporting to the police remains. The police will take a welfare, rather than a criminal justice, approach. The following advice may help schools and colleges decide when to engage the Police and what to expect of them when they do.

44.10 The school will seek to protect children's anonymity.

44.11 Risk and needs assessments will be put in place.

45 Children who are questioning their gender

45.1 The school recognises that some children and young people may question their gender. We are committed to providing a safe, supportive, respectful and inclusive environment for all pupils, while ensuring that safeguarding and the welfare of the child remain paramount.

45.2 In accordance with Keeping Children Safe in Education 2026, the school will adopt a safeguarding-led approach when responding to any child who is questioning their gender. Decisions will be made on an individual basis, taking account of the child's age, developmental stage, **wishes and feelings**, wider vulnerabilities, educational needs, mental health, neurodiversity, family circumstances and the rights and wellbeing of other children. The child's best interests will always be the primary consideration.

45.3 The school will not initiate social transition. Where a child or parent/carer requests changes relating to social transition, including changes to name, pronouns,

appearance or how a child is treated within the school community, these matters will be considered through the school's safeguarding procedures and under the leadership of the Designated Safeguarding Lead (DSL). Any decisions will be carefully assessed, recorded and reviewed.

45.4 Parents and carers will be involved in the vast majority of cases. The school will only consider delaying or limiting parental involvement where there is reasonable cause to believe that doing so is necessary to protect the child from a risk of significant harm. In such circumstances, the DSL will seek appropriate safeguarding advice and take action in accordance with child protection procedures.

45.5 The school acknowledges that children who are questioning their gender may have additional vulnerabilities or complex needs and may benefit from appropriate health, social care or other professional involvement. The school will work collaboratively with families and relevant agencies where appropriate to promote the child's welfare.

45.6 The school will comply with all relevant legal duties, including safeguarding, equality, data protection and human rights legislation. Arrangements relating to toilets, changing facilities, residential accommodation, sport and the recording of pupil information will be managed in line with current statutory guidance and the school's legal obligations.

45.7 All concerns, discussions, decisions and the reasons for those decisions will be recorded in accordance with the school's safeguarding and record-keeping procedures.

45.8 KCSiE 2026 paragraphs 95-98 confirms that schools and colleges can lawfully separate children according to their biological sex for sport. In cases where a gender questioning child makes a request relating to how they participate, if “there are no safety concerns”, settings should consider “whether supporting social transition is overall in the best interests of the child, as well as considering the impact on other children and the aim of creating safe and fair environments for children to participate in PE.”

45.9 KCSiE 2026 Paragraphs 105-116 explain that when it comes to toilets, showers and changing facilities, children must not be allowed into the spaces “designated for the opposite biological sex.” In instances where a child does not want to use these spaces, “schools and colleges should consider whether they can provide an alternative.” Schools and colleges must keep a record of any such situations and “ensure they are communicated appropriately” and regularly reviewed.

45.10 Paragraphs 197-202 include new guidance that schools and colleges must not allow a child to share overnight accommodation with a child of the opposite biological sex. This must be considered when responding to a request for social transition, where the rule still applies. If a child doesn’t want to share with a child of the same biological sex, alternative arrangements may be sought, but they “should not compromise the safety, comfort, privacy or dignity of any child.” Include your setting specific statement for sport here.

PROCEDURE TO FOLLOW IN CASES OF POSSIBLE, ALLEGED OR SUSPECTED ABUSE, OR SERIOUS CAUSE FOR CONCERN ABOUT A CHILD

Contents

A	General
B	Individual Staff/Volunteers/Other Adults - main procedural steps
C	Designated Safeguarding Lead – main procedural steps

A. **General**

1) The Leicestershire and Rutland Safeguarding Children Partnership Procedures contain the inter-agency processes, protocols and expectations for safeguarding children. (Available on the website www.lrsb.org.uk: The Designated Safeguarding Lead is expected to be familiar with these, particularly the indicators of abuse, neglect or exploitation and the referral processes.
2) It is important that all parties act swiftly and avoid delays.
3) Any person may seek advice and guidance from the First Response Children's Duty Professionals Consultation Line, particularly if there is doubt about how to proceed. Any adult, whatever their role, can take action in his/her own right to ensure that an allegation or concern is reported to the investigating agencies.
4) A record, dated (including the day and time) and signed, must be made as to what has been alleged, noticed and reported, and kept securely and confidentially.
5) In many cases of concern there will be an expectation that there have already been positive steps taken to work with parents and relevant parties to help alleviate the concerns and effect an improvement for the child. This is appropriate where it is thought a child may be in need in some way, and require assessment to see whether additional support and services are required. An example might be where it is suspected a child may be the subject of neglect. In most cases the parents' knowledge and consent to the referral are expected, unless there is reason for this not being in the child's interest. However, there will be circumstances when informing the parent/carer of a referral might put the child at risk and/or undermine Police enquiries, and in individual cases, advice from Children's Social Care will need to be taken.

B. **Individual Staff/Volunteers/Other Adults – main procedural steps**

1) When a child makes a disclosure, or when concerns are received from other sources, do not investigate, ask leading questions, examine or photograph children, or promise confidentiality. Children making disclosures should be reassured and if possible at this stage should be informed what action will be taken next.
2) As soon as possible make a dated (including the day), timed and signed record of what has been disclosed or noticed, said or done and report to the Designated Safeguarding Lead in the school.
3) If the concern involves the conduct of a member of staff or volunteer, a visitor, a governor, a trainee or other adult in school, the Headteacher must be informed.
4) If the safeguarding concern or allegation is about the Headteacher, the information should normally be passed to the Chair of Governors or failing that to the Local Authority Designated Officer (LADO).
5) If this has not already been done, inform the child (or other party who has raised the concern) what action you have taken.

C. Designated Safeguarding Lead – main procedural steps

1) Begin an individual case record for each child involved which will hold a record of communications and actions to be stored securely (see section on Records, Monitoring and Transfer). Include a chronology of case activity.
2) Where initial enquiries do not justify a referral to the investigating agencies, inform the initiating adult and monitor the situation, offering support as required. If in doubt, seek advice from the First Response professionals consultation line.
3) Share information confidentially with those who need to know.
4) Where there is a child protection concern requiring immediate, same day, intervention from Children's Social Care, the First Response Children's Duty should be contacted by phone (contact the local authority Children's Services where the child lives). Written confirmation should be made within 24 hours on the Multi-Agency Referral Form to Children's Social Care. All other referrals should be made using the online form (see link http://lrsb.org.uk/childreport).
5) If the concern is about children using harmful sexual behaviour or causing child-on-child abuse, also refer to Part 5 of "Keeping Children Safe in Education" and the local Safeguarding Children Partnership procedures.
6) If it appears that urgent medical attention is required arrange for the child to be taken to hospital (normally this means calling an ambulance) accompanied by a member of staff who must inform medical staff that non-accidental injury is suspected. Parents must be informed that the child has been taken to hospital.
7) Exceptional circumstances: if it is feared that the child might be at immediate risk on leaving school, take advice from the First Response Professionals Consultation line (for instance about difficulties if the school day has ended, or on whether to contact the police). Remain with the child until the Social Worker takes responsibility. If in these circumstances a parent arrives to collect the child, the member of staff has no right to withhold the child, unless there are current legal restrictions in force (eg a restraining order). If there are clear signs of physical risk or threat, First Response Children's Duty should be updated and the Police should be contacted immediately.

Appendix 2

PROCESS FOR DEALING WITH SAFEGUARDING CONCERNS OR ALLEGATIONS AGAINST STAFF (INCLUDING HEADTEACHERS), SUPPLY TEACHERS, VOLUNTEERS, CONTRACTORS AND INDIVIDUALS OR ORGANISATIONS HIRING THE SCHOOL PREMISES

These procedures should be followed in all cases in which there is an allegation or safeguarding concern that a person working with children has:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child;
- behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children; or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children.

There is also a school "Low-Level Concerns Policy" (Appendix 3) which should be followed if the concern does not meet the allegations threshold above or is not considered serious enough to make a referral to the LADO.

Relevant documents:

- DfE "Keeping Children Safe in Education: Statutory guidance for schools and colleges" (Part 4: Safeguarding concerns or allegations made about staff, including supply teachers, volunteers and contractors)

1) Individual Staff/Volunteers/Other Adults who receive the allegation:

i. Write and sign a dated and timed note of what has been disclosed or noticed, said or done.
ii. Report immediately to the Headteacher.
iii. Pass on the written record.
iv. If the allegation or safeguarding concern is about the conduct of the Headteacher, report immediately to the Chair of Governors. Pass on the written record. (If there is difficulty reporting to the Chair of Governors, contact the Local Authority Designated Officer (LADO), as soon as possible.)

2) Headteacher (or Chair of Govenors)

i. If there is no written record, write and sign a dated and timed note of what has been disclosed or noticed, said or done.
ii. Before taking further action notify and seek advice from the Local Authority Designated Officer (LADO), on the same day.
iii. You may be asked to clarify details or the circumstances of the allegation, but this must not amount to an investigation at this stage.
iv. Report to First Response Children's Duty if the LADO so advises or if circumstances require a referral concerning a child.
v. Ongoing involvement in cases:

- Liaison with the LADO
- Co-operation with the investigating agency's enquiries as appropriate (including working closely with the employment agency in the case of supply teachers).
- Consideration of employment issues and possible disciplinary action where the investigating agencies take no further action.
- Possible referral to the DBS or The Teaching Regulation Agency, depending on the outcome.

Appendix 3

Low-level Concerns Policy

1.0 **Purpose**

1.1 This policy sets out a framework whereby staff are expected to report concerns, no matter how small, about their own behaviour or that of another member of staff, volunteer, supply teacher, contractor or other person working in school. Its purpose is to help create and embed a culture of openness, trust and transparency in which the clear values and expected behaviour set out in the "Guidance for safer working practice for those working with children and young people in education settings" (Feb 2022) (sometimes called the safeguarding code of conduct) are lived, monitored, and reinforced.

1.2 The policy should be read in conjunction with the current statutory guidance – "Keeping Children Safe in Education" Part 4, Section 2.

2.0 **Who does the policy apply to?**

2.1 This policy applies to all staff and other individuals who work or volunteer in school.

3.0 **Definition of a low-level concern**

3.1 A low-level concern is any concern, no matter how small, even if no more than causing a sense of unease or a 'nagging doubt', that a person working in or on behalf of the school may have acted in a way that:

- is inconsistent with the "Guidance for safer working practice" (Feb 2022), including inappropriate conduct outside of work, and
- does not meet the allegations threshold or is otherwise not considered serious enough to make a referral to the LADO

4.0 **Reporting low-level concerns**

4.1 Where a low-level concern has been identified this will be reported as soon as possible to the headteacher. However, it is never too late to share a low-level concern if this has not already happened. Lionheart has an "Adult Concerns Form" for this purpose.

4.2 Where the headteacher is not available, the information will be reported to the Designated Safeguarding Lead or Deputy (ie the most senior member of SLT acting in this role).

4.3 Low-level concerns about the Designated Safeguarding Lead will be reported to the headteacher and those about the headteacher will be reported to the Chair of Governors. A low-level concern about a supply teacher or contractor will be reported to their employer.

4.4 Where the low-level concern has been reported to the Designated Safeguarding Lead, they will inform the headteacher of the details as soon as possible.

5.0 **Recording concerns**

5.1 A summary of the low-level concern should be written down, signed, timed, dated and shared by the person bringing the information forward.

5.2 Where concerns are reported verbally to the headteacher a record of the conversation will be made by the headteacher which will be signed, timed, and dated.

6.0 **Responding to low-level concerns**

6.1 Where a low-level concern has been raised this will be taken seriously and dealt with promptly. The headteacher will:

- Speak to the person reporting the concern to gather all the relevant information
- Speak to the individual about the concern raised to ascertain their response, unless advised not to do so by the LADO or Police (HR advice may also need to be taken).
- Where necessary further investigation will be carried out to gather all relevant information. This may involve speaking to any potential witnesses.
- The information reported and gathered will then be reviewed to determine whether the behaviour,

  i) is consistent with the "Guidance for safer working practice for those working with children and young people in education settings" (Feb 2022): no further action will be required,

  ii) constitutes a low-level concern: no further action is required, or additional training/guidance/support may be required to rectify the behaviour via normal day to day management processes. The employee should understand that failure to improve or a repeat of the behaviour may lead to further action being taken, e.g. either via the Performance Management Policy or Disciplinary Policy.

  iii) is serious enough to consult with or refer to the LADO: a referral should be made to the LADO and advice taken from HR. In this case the school's Managing Allegations procedure within the Safeguarding Policy and Disciplinary Policy will be followed.

  iv) when considered with any other low-level concerns that have previously been raised about the same individual, should be reclassified as an allegation and referred to the LADO or Police: a referral should be made to the LADO and advice taken from HR. In this case the school's Managing Allegations procedure within the Safeguarding Policy and Disciplinary Policy will be followed.

- Records will be made of, i) all internal conversations including any relevant witnesses, ii) all external conversations eg with the LADO iii) the decision and the rationale for it, iv) any action taken

7.0 **Can the reporting person remain anonymous?**

7.1 The person bringing forward the concern will be named in the written record. Where they request to remain anonymous this will be respected as far as possible. However, there may be circumstances where this is not possible e.g. where a fair disciplinary investigation is needed or where a later criminal investigation is required.

8.0 **Should staff report concerns about themselves (i.e. self-report)?**

8.1 It may be the case that a person finds themselves in a situation which could be misinterpreted, or might appear compromising to others; or they may have behaved in a

manner which on reflection they consider falls below the standard set out in the "Guidance for safer working practice". In these circumstances they should self-report. This will enable a potentially difficult situation to be addressed at an early opportunity if necessary.

9.0 **Where behaviour is consistent with the "Guidance for safer working practice" (Feb 2022)**

9.1 Feedback will be given to both parties to explain why the behaviour was consistent with the "Guidance for safer working practice".

10.0 **Should the low-level concerns file be reviewed?**

10.1 The records will be reviewed periodically, and whenever a new low-level concern is added, so that potential patterns of concerning, problematic or inappropriate behaviour can be identified and referred to the LADO if required. A record of these reviews will be retained.

11.0 **References**

11.1 Low-level concerns will not be included in references unless a low-level concern, or group of concerns, has met the threshold for referral to the LADO and found to be substantiated.

12.0 **What is the role of the Governing Body?**

12.1 The headteacher will regularly inform the Governing Body about the implementation of the low-level concerns policy including any evidence of its effectiveness eg with relevant data. The Safeguarding Governor may also review an anonymised sample to ensure that these concerns have been handled appropriately.

- Be alert to signs of abuse, question unusual behaviour or changes to presentation.

Where a child discloses abuse, neglect, sexual violence, sexual harassment, online harm, exploitation.

- Listen to what they say, keep calm, reassure they are right to tell, and you will take action to help keep them safe.
- Inform them you need to share the information and what you are going to do next
- Do not promise confidentiality, you will need to share/ report the information to appropriate services.
- **DO NOT DELAY, take any immediate necessary action to protect the child and ensure the Designated Safeguarding Lead is informed or member of SLT in the DSL's absence.**

Discuss concerns with the Designated/Named Safeguarding Lead

- The DSL will consider further actions including consultation with First Response (if a new concern).
- Concerns and discussion, decisions and reasons for decision should be recorded in writing and a 'confidential concerns' or a 'child protection' file should be opened, stored in line with the school child protection policy.
- At all stages the child's circumstances should be kept under review and re-refer if concerned to ensure the child's circumstances improve – **the child's best interests must come first.**

Body Map Guidance for Schools

Medical assistance should be sought where appropriate.

Body Maps should be used to document and illustrate visible signs of harm and physical injuries.

Always use a black pen (never a pencil) and do not use correction fluid or any other eraser.

Do not remove clothing for the purpose of the examination unless the injury site is freely available because of treatment.

*At no time should an individual teacher/member of staff or school be asked to or consider taking photographic evidence of any injuries or marks to a child's person, this type of behaviour could lead to the staff member being taken into managing allegations procedures, the body map below should be used in accordance with recording guidance. Any concerns should be reported and recorded without delay to the appropriate safeguarding services,

e.g., First Response or the child's social worker if already an open case to social care.

When you notice an injury to a child, try to record the following information in respect of each mark identified e.g. red areas, swelling, bruising, cuts, lacerations and wounds, scalds, and burns:

- Exact site of injury on the body, e.g., upper outer arm/left cheek.
- Size of injury - in appropriate centimetres or inches.
- Approximate shape of injury, e.g. round/square or straight line.
- Colour of injury - if more than one colour, say so.
- Is the skin broken?
- Is there any swelling at the site of the injury, or elsewhere?
- Is there a scab/any blistering/any bleeding?
- Is the injury clean or is there grit/fluff etc.?
- Is mobility restricted as a result of the injury?
- Does the site of the injury feel hot?
- Does the child feel hot?

- Does the child feel pain?
- Has the child's body shape changed/are they holding themselves differently?

Importantly the date and time of the recording must be stated as well as the name and designation of the person making the record. Add any further comments as required.

Ensure First Aid is provided where required and record.

A copy of the body map should be kept on the child's child protection file.

Existing Injuries Form – Tool to support reflection.

The recording of injuries which children have sustained outside of a care or education setting, including the explanation given by the child, their parent or carer, plays a key role in identifying safeguarding concerns. Lessons from Child Safeguarding Practice Reviews tell us that the reflection which takes place alongside the recording is also key, particularly in identifying patterns to injuries.

This tool has been co-designed by practitioners who are dealing with these issues on a day-to-day basis. Whilst it is for each setting to determine how they discharge their safeguarding responsibilities, this tool is being made available to support you in the difficult work you do, with the aim of keeping our children safe.
