Small Steps Big Futures

Year 4 Spring 1

Our Learning Journey

Be Kind
Be Safe
Be Your Best

Maths

- Use factors, multiplication and division facts, and efficient methods.
- Solve reasoning and problem-solving questions, including correspondence problems.

Literacy

- Write instructions and diary entries.
- Use imperative verbs, time conjunctions and first-person writing and past tense.

Science

- Learn how electricity powers everyday appliances and how to build simple circuits.
- Explore conductors and insulators.

History

- Find out why the Anglo-Saxons invaded Britain.
- Explore Anglo-Saxon villages, beliefs and how they influenced Britain.

ICT

- Use AR and VR to design and invent a toy.
- Explore creative technology and digital design.

Jigsaw (PSHE)

- Set our own goals and work towards success.
- Learn how to manage disappointment positively.

RE

- Learn about important Sikh figures and leaders.
- Explore service, leadership and their contributions to Sikh history.

PE

- Understand what stress is and how to manage it.
- Develop gymnastics, striking and fielding skills.

Music

- Explore, perform and create music.
- Develop rhythm, listening and composition skills.

Curious Minds ♥ Brighter Futures
